- 6 months working during university year abroad

## ABOUT ME

Having completed Le Wagon's Bootcamp, I am excited for my next step in web development. I am a creative person and enjoy bringing projects to life; from music-making to building apps. Visual impact is important to me and I have a keen eye for detail. I have a strong knowledge of Javascript ES6, HTML, CSS, Ruby on Rails and am now learning React. From my previous experience in sales, I consider myself to have strong interpersonal skills. am looking forward to working collaboratively amongst a team of developers.

## SKILLS

### Technical:

- Javascript ES6
- Ruby on Rails
- HTML
- CSS
- Stimulus
- Heroku
- SQL/PostgreSQL

- React
- OOP
- GitHub
- Active Record
- Bootstrap
- Cloudinary
- Figma
- Microsoft Office

### Languages:

- English (Native)
- Spanish (C1)
- German (A2)
- Russian (B1)

## PROJECTS

### Skill-Up:

My project "Skill-Up" was voted for development by peers at Le Wagon. It is an app where users teach their skills and learn new ones for free. The app includes a map API, a messenger and makes use of cloudinary and Pundit. <http://www.skill-up.xyz/>

### Eye for Detail Productions:

I am in the design stages of building a video production company's website using React. Planned features include: client login for project feedback, contact form, and video portfolio.

## INTERESTS

Music: DJing - London Sound Academy  
Grade 8 trumpet  
Music production - Logic Pro

**2014 - 2015** Brand Ambassador, Chivas Regal
